The Greeks Overseas by Boardman, John

Ancient Greek civilization, the period following Mycenaean civilization, which ended about 1200 BCE, to the death of Alexander the Great, in 323 BCE. It was a period of political, philosophical, artistic, and scientific achievements that formed a legacy with unparalleled influence on Western civilization.

The Greeks overseas : their early colonies and trade. [John Boardman] -- "The spread of Greek civilization through Europe, into Africa and the Near East began long before the Classical period, long after Troy, Mycenae and Knossos had fallen.

The Greeks overseas : their early colonies and trade (Book ...

Greek colonization was an organised colonial expansion by the Archaic Greeks into the Mediterranean Sea and Black Sea in the period of the 8th–6th centuries BC. This colonization differed from the migrations of the Greek Dark Ages in that it consisted of organised direction by the originating metropolis instead of the simple movement of tribes which characterized the earlier migrations. Many colonies that were founded in this period evolved into strong city-states and became independent of ...
